# President's Message

By Simon Cooper

Hello everyone,

Usually at this time of year we are kicking off our events season and enjoying the first blush of spring, with warmer weather, budding trees, and spring flowers. Obviously, the COVID-19 pandemic has changed all our lives, and I would very much like to express our gratitude to everyone still working in essential roles so that we are still able to get groceries, turn on the lights, and heat our homes. I would especially like to thank our first responders and medical workers who demonstrate their commitment to serve our communities with determination and grace in these most difficult of circumstances. I would also take a moment to extend our condolences to those who have lost a loved one to this virus; our hearts go out to you and your families.

As I am writing this we are still subject to the stay at home advisory from the governor and the club, at a national level, has wisely cancelled all our events through May 31st. Even if this date does release us from the stay at home advisory, I don't expect that things will return to normal right away, and we will still need to review all of our events to establish best practices to ensure we keep everyone as safe as possible. In our driving schools and autocross we have shared helmets and communicators. Instructors sit next to student drivers and we gather for drivers meetings. All of this will need review to match whatever guidelines the CDC and state government suggest.

Please bear with us as we work through all of the challenges of this new world and stay tuned to our email updates as well as our communications through the website and our Facebook page. Now would be a great time to make sure that your membership with [BMW CCA National is up to date and we have your correct email.](#)

Again please stay safe and we hope to see you soon. Even if we are wearing face masks and standing six feet apart, we are all in this together.

As always, tell a friend and pass it on.

Cheers,

Simon

## ON THE COVER:

A G29 SHOWS OFF ITS STANCE DURING  
A 2018 TEASER SHOOT BY PHOTOGRAPHER  
DANIEL KRAUS

[HTTPS://DANIELKRAUSPHOTOWORKS.COM/](https://danielkrausphotoworks.com/)

Welcome to the spring edition of Boston Bimmer!

It's been a little while since the last issue of the Bimmer was released, but don't despair; we're back! At the close of 2019, the BMW CCA launched an online publication called BimmerLife. It is essentially a "round-up" of all the CCA chapters in one place, where each can feature some its highlights and news. It really became the de facto winter edition of the Bimmer in a way. Along with its creation came some changes in the rules that national uses with regard to the production of chapter newsletters. Given BimmerLife's all-encompassing nature, national decided it would do away with the once-every-90-days requirement for publishing a chapter newsletter and would also no longer make it a requirement that each chapter even *publish* a newsletter. Don't fear; the Bimmer will live on!

Since I began as Editor of the Bimmer, I've tried a few different approaches in terms of design and publication frequency, all with the Bimmer's transition to an electronic format at the forefront of my decision-making process. My initial idea was to produce the Bimmer on a monthly basis, with more news and current events featured. However, a chapter blog is now in the works, which will feature bulletins and other news stories (stay tuned). I then experimented with a bi-monthly format, beginning with the previous September/October issue, until arriving at the age-old saying: *"If it ain't broke, don't fix it."*

The Bimmer will continue to be published four times a year, each quarter, as it always has been. I've also spent some time since the last issue settling on a design for the magazine, and I feel what I've come up with is modern and elegant while also embodying some of the classic design elements of the Bimmer going back a number of years. I hope you'll agree!

Now that the Bimmer has moved to the Boston Chapter website as a .pdf, I want to send a friendly reminder to please update or add your email by logging onto your CCA profile on the [national website](#) so you won't miss out on future issues of Boston Bimmer. Copies will be delivered directly to you through your email.

## Bimmer of the Month

Think you have a Bimmer that's worthy of some publicity? Email pictures of your car to: [ericgratonrichards@gmail.com](mailto:ericgratonrichards@gmail.com) The requirements are simple: the pictures must be clear and it must be in the BMW family! (I will accept MINI and Rolls Royce.) Each issue, I will select one member's car as a winner and do a full-page spread with pictures and some info about your car. I will also select a runner-up.

That's all for now. As always, feel free to drop me a line with any questions, comments, or if you just want to talk BMW.

Best,

Handwritten signature of Eric Graton Richards.

Eric

# BMW CENTER OF EXCELLENCE AWARD 2019

**By John Sullivan**

The BMW Dealership Center of Excellence (COE) Award is given by BMW North America (BMW NA) to select BMW dealers throughout the country that meet specific measurement criteria. The award is actually based on the prior year's performance. Given the time needed for BMW NA to verify and measure the data, the Award is issued the following year.

The COE award is based on a set of measurements ranked by BMW NA within their peer group. It is awarded to 10% of all BMW dealers in the country which is approximately 34 BMW dealerships, based upon weighted averages. There are currently 337 dealers nationwide. Within key measurements it covers all functions of the dealership performance and the customer experience. Some examples are total sales volume, total parts sales, service effectiveness and dealer sales loyalty, and how well the center ranks overall. Another measurement is the dealership maintaining their current customer base within their Primary Market Area (PMA) for sales and service.

BMW Dealerships within the Boston Chapter area who received this Center of Excellence Award were:

- BMW of Sudbury
- South Shore BMW of Rockland
- BMW of Warwick, Rhode Island

## REMINDER ON MEMBERSHIP RENEWAL: PLEASE SELECT YOUR CHAPTER

For those of you on auto-renew, it is especially important after renewal that you check your chapter affiliation. The renewal program may change your primary chapter affiliation automatically to correspond to your Zip code. If you do not live in Massachusetts, you may be affiliated with another chapter that is not your choice.

Members can check their chapter affiliation on [BMWCCA.org](https://www.bmwcca.org). On the home page after login, in the lower left corner, go to the list and click on "My Membership." A box will pop up showing your chapter. If your membership is up for renewal this year and you are not signed up for auto-renew, it is still important to check your chapter affiliation when you renew. If you do not live in Massachusetts, the selection of another chapter may be made by default on the chapter selection page of the renewal form. You can change to Boston if necessary.

We have brought this up to the IT department at the National office and they are working on a solution. In the meantime, please check.

If you find that you are not affiliated with Boston as your primary chapter and that is not your choice, please contact us at [membership@boston-bmwcca.org](mailto:membership@boston-bmwcca.org).

Thank you,

**Matt Bagedonow**  
Membership Chair

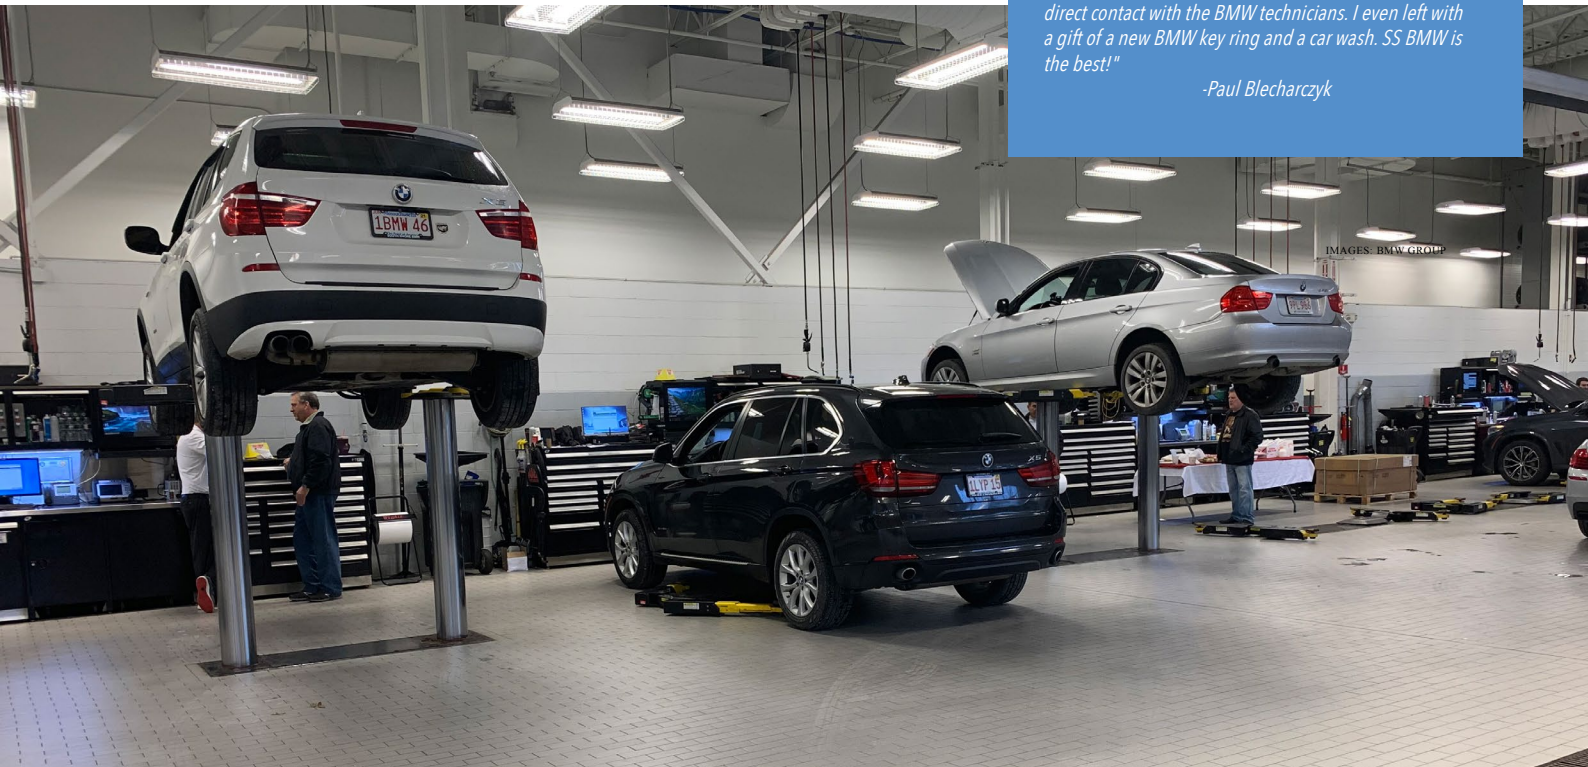

# Photo Board

*"It's been three years since I attended an 'Under-carriage Event' and it did not disappoint. Prompt, courteous attention with generous parts and service discounts, access to the garage bays, and educational and direct contact with the BMW technicians. I even left with a gift of a new BMW key ring and a car wash. SS BMW is the best!"*

-Paul Blecharczyk

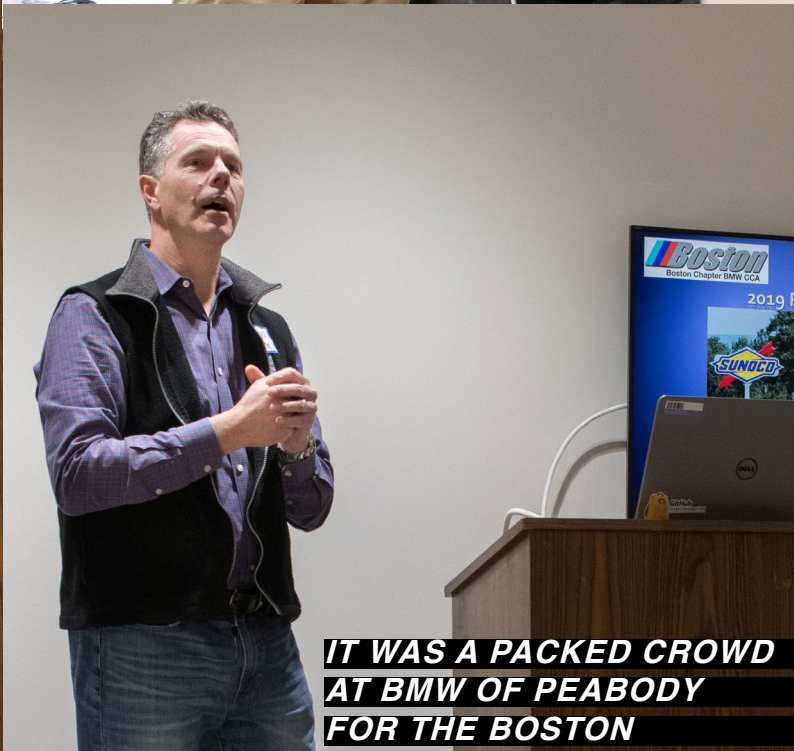

**ABOVE, CLOCKWISE FROM TOP:** It was a solid turnout for the undercarriage tech session hosted by South Shore BMW on February 1; Technician Steve chats with Paul Blecharczyk; Director John Sullivan enjoys the spread with Joe Haddad.  
**LEFT:** Chapter Vice President Larry Barbieri checks out an eye-catching E46 M3 with South Shore technician Moodi.

**ABOVE:** Mike Renner of the BMW Performance Center in Greer, SC gives a talk about the facility's programs as well as M cars and driving dynamics. **OPPOSITE:** John Sullivan and Simon Cooper give members the preview into 2020. Peter Chambers accepts a certificate for a one-day M School experience from Mike as the winner of the evening's raffle.

*THE M2 CS RACING MAKES ITS  
NORTH AMERICAN DEBUT  
AT THE 24 HOURS OF DAYTONA.*

MUNICH, GERMANY - The test and development phase for the BMW M2 CS Racing is entering the home stretch. Now the time has come to present the new entry-level car in the BMW M Customer Racing product range to the public, and to potential customers. Last weekend, the BMW M2 CS Racing celebrated its North American debut at the 24 Hours of Daytona (USA). The intention is for the car to continue the success story started by the BMW M235i Racing and the BMW M240i Racing in recent years.

Fans were able to steal a first glance at the newest member of the family at the first highlight of the new season, where three different BMW racing cars were in action – the winning BMW M8 GTE and the BMW M6 GT3 in the 24-hour race, and the BMW M4 GT4 in the IMSA Michelin Pilot Challenge race. The BMW M2 CS Racing was on display in the event area near the BMW M Experience truck, where anyone could come along to take a look.

BMW Group Motorsport Director Jens Marquardt said: "BMW racing cars have enjoyed regular success in North America since the 1970s and they really thrill the fans. That applies to our GT cars and to the BMW M2 CS Racing's predecessors that helped BMW customer teams to secure countless wins and titles over the years. From the 2021 season onwards, we are aiming to add a new chapter to our history of success in North American motorsport with the BMW M2 CS Racing."

From the start of the 2020 season, responsibility for the sale and distribution of BMW race cars for customer racing lies with BMW M GmbH. Their Head of Sales and Marketing, Thomas Felbermair, said: "North America is the most important market for BMW M worldwide, therefore it is important for us to present the BMW M2 CS Racing as our new entry-level car for the first time in the US. With this car we will not only be represented in classic motor racing, but also in the club racing segment

and in the Track Day community. We have many loyal fans and customers in North America, who all share an emotional connection to our brand. Consequently, we see plenty of potential for our new car in North America. We are looking forward to giving our fans, customers and BMW dealers a close look at the BMW M2 CS Racing at various events during the next few weeks. I am sure that they will love it."

After appearing at Daytona, the BMW M2 CS Racing was presented to North American BMW dealers during a conference outside Miami (USA). In early March, the car will be shown at the TC America season-opener at Austin (USA), where it will be sent into race competition by customer teams from the 2021 season onwards.

## **BMW M2 CS RACING TO CONTINUE THE SUCCESS STORY IN NORTH AMERICA.**

The BMW M2 CS Racing can build on the extremely successful history of its predecessors in North America. Since 2016, BMW customer teams have claimed three team titles and two drivers' championships with the BMW M235i Racing and the BMW M240i Racing in TC America and the previous series. The aim is for the new car to continue in this vein.

The BMW M2 CS Racing offers the best setup for successful entry into motorsport. The new customer racing car is powered by an S55 six-cylinder in-line engine with BMW M TwinPower Turbo Technology which, with a capacity of 2,979 cc in the racing version, achieves between 280 hp (205 kW) and 365 hp (268 kW), depending on the Balance of Performance or Permit B classification.

The maximum torque of 550 Nm is transmitted by a 7-speed dual-clutch transmission which has been applied using specialist motorsport software.

Another highlight of the BMW M2 CS Racing is its engine management. As with the BMW M4 GT4, in the future this will be controlled via power sticks, which enable various performance levels to be programmed and retrieved depending on the stipulated Balance of Performance.

In parallel, BMW Motorsport is developing an upgrade variant of the BMW M2 CS Racing with 450 hp, providing a compelling racing car for the club racing segment that is rapidly gaining in popularity in North America. ■

# Boston Chapter Fourth Quarter General Meeting

**By John Sullivan**

The General Meeting was hosted by BMW of Peabody with thanks to John Pirotte GM and Rob Hannafin Service Manager. There was also a 25% discount on BMW parts with thanks to Jordan Slaven the BMW Parts Manager. Rob had a bunch of Pizza's and beverages delivered to the service area in the former M- Building. Matt Bagedonow and Cristina Mangini were great helping to sign folks in and to pass raffle tickets to them.

Our featured speaker was Mike Renner from the BMW Performance Center in SC who has one of the best jobs in the world. Mike regaled us about driving adventures and had several videos of the M-day Schools at the Performance Center Track. Mike talked about what happens in the course of a day at the M-School Driving Events and what to expect. Mike also mentioned their Thermal Club location out in La Quinta CA West Performance facility. He brought a gift certificate for a One Day M-School at either Center that was raffled off during the evening. There were also coupons for 20% off Driving Schools at either Center available. BMW CCA members normally get a 15% off discount at the BMW Performance Centers.

Simon Cooper also gave us an overview of what happens at the 50+ Activities & Events that happen during the year at the Chapter. He also mentioned what the Track Schedule will look (at the schedule for HPDE's) like for the year. He also brought a gift certificate for a free Boston Chapter HPDE Driving School and a free AutoX day at the Course. AutoX is still pending confirmation of their dates. Simon also had several Art pics that were part of the Raffle. ■

# AUTOCROSS CORNER

**By Audra Tella**

Normally at this point, the 2020 autocross season would officially be underway. Unfortunately, that is not the case at the moment. As much as we all would love to be back out there in our cars breaking records, the health and safety of all is the chapter's top priority. We will be sure to keep everyone updated with regard to autocross as the year unfolds; but for now, let's take a look at last season and the Autocross Banquet.

The Banquet was held at Apex Entertainment in Marlborough. Karting, videos, and trampolines were all enjoyed before the main festivities began. We had a private room with our own bowling lanes! The food was tasty and the company was fun and fabulous as usual.

As mentioned, we will provide updates for the 2020 season when we can. This year we will not be partnering with EVO and instead will be providing a new "special" event. We are still working on the details and will disclose all when available. Below is the 2020 autocross event schedule. The first two events in **red** are cancelled. ALL REMAINING EVENTS ARE TBD:

- 5/10 - Event 1
- 5/31 - Novice School
- 6/28 - Special Event

# BOSTON BIMMER HAS GONE PAPERLESS.

IMAGE SOURCE: PSD GRAPHICS

THAT DOESN'T MEAN  
YOU HAVE TO GO  
BIMMERLESS.

A registered email is your key to enjoying Boston Bimmer.

If you do not have a current email address on file with your National profile, please go to your [BMW CCA member log in](#) and add your current email address to continue receiving Boston Bimmer Magazine.

The magazine will be featured on the Boston Chapter Website as a .pdf, but if you don't update your email you will not receive it direct to your inbox.

Boston Bimmer will no longer be distributed in print.

Please, update your email today for your convenience.

Thank you!

**DON'T SCRAP THOSE DAMAGED WHEELS, REPAIR THEM!**

## VOLUNTEER OPPORTUNITIES

Interested in volunteering with the Chapter?  
We are currently seeking:

**KARTING CHAIR**

**ADVERTISING MANAGER**

If interested, please email:  
[VOLUNTEER@BOSTON-BMWCCA.ORG](mailto:VOLUNTEER@BOSTON-BMWCCA.ORG)

As always, the Chapter is always looking for volunteers to suggest and help plan events that they feel could be fun and exciting. On the other hand, if there is an event you already see on the calendar and would like to volunteer at, let us know!

In addition to helping with events, the Chapter is also in search of volunteers with writing, photography or technical skills.

Please direct all inquiries, thoughts, and suggestions to:  
[VOLUNTEER@BOSTON-BMWCCA.ORG](mailto:VOLUNTEER@BOSTON-BMWCCA.ORG)

## ASSOCIATE MEMBERSHIPS

Spouses and children (of driving age) can join the BMW CCA for a reduced fee and receive membership benefits including membership discounts and rewards. To enroll a family member as an associate member, log onto [www.BMWCCA.org](http://www.BMWCCA.org) or call (800) 878-9292.

## ADDRESS CHANGES

If you are experiencing mailing issues or need to change your mailing address please contact the National Office at (864) 250-0022 or [www.BMWCCA.org](http://www.BMWCCA.org). All address changes must be made through the National Office. The Boston Chapter address list is updated monthly by the National office.

## DO YOU HAVE OLD COPIES OF BOSTON BIMMER?

The editorial staff at the Bimmer is on the lookout for issues of Boston Bimmer that are missing from our archives and the BMW CCA Museum. If you have a collection you've been growing over the years, please let us know! You may retain your issues; we will collect them via electronic scan. Please contact [Eric Richards](#) if you have copies you would like to share.

Thank you!
